United Way is working to advance the common good by focusing on education, income and health. These are the building blocks for a good quality of life – a quality education that leads to a stable job, enough income to support a family through retirement, and good health. Our goal is to create long-lasting changes that prevent problems from happening in the first place. We invite you to be part of the change. Together, united, we can inspire hope and create opportunities for a better tomorrow. That's why we truly believe UNITED IS THE WAY.

EDUCATION: Preparing children to enter and graduate from school. • Improving access to quality, affordable child care and early learning opportunities • Partnering with schools and parents to improve graduation rates • Providing after-school and mentoring programs for at-risk youth

INCOME: Working with families to live in safe and affordable permanent housing, and acquire some savings or assets • Supporting basic needs while increasing financial education

HEALTH: Increasing access to health care, mental health services, nutrition and fitness
